ABOUT US

The company MARO WORLD INC (MWI), a global leader in hydro power solutions, is seeking a skilled Mechanical Assembler to join our team. As a Mechanical Assembler, you will be responsible for assembling and installing mechanical components and systems in accordance with engineering plans and specifications. This role is perfect for someone who has experience in mechanical assembly, is passionate about engineering, and wants to work in a dynamic and challenging environment.

O NAMA

Kompanija MARO VORLD INC (MVI, globalni lider u hidroenergetskim rešenjima, traži kvalifikovanog mehaničkog montažera da se pridruži našem timu. Kao mašinski montažer, bićete odgovorni za sklapanje i ugradnju mehaničkih komponenti i sistema u skladu sa inženjerskim planovima i specifikacijama. Ova uloga je savršena za nekoga ko ima iskustvo u mehaničkoj montaži, strastven je za inženjering i želi da radi u dinamičnom i izazovnom okruženju.

RESPONSIBILITIES

Read and interpret engineering drawings and schematics
Assemble and install mechanical components and systems
Perform testing and troubleshooting of assembled systems
Ensure quality and accuracy of workmanship
Adhere to safety and quality standards

ODGOVORNOSTI

Čitanje i tumačenje inženjerskih crteža i šema
Montirajte i instalirajte mehaničke komponente i sisteme
Izvršite testiranje i rešavanje problema sastavljenih sistema
Obezbedite kvalitet i tačnost izrade
Pridržavajte se standarda bezbednosti i kvaliteta

REQUIREMENTS

High school diploma or equivalent required; technical school or apprenticeship preferred
Previous experience in mechanical assembly required
Ability to read and interpret engineering drawings and schematics
Strong attention to detail and ability to ensure accuracy and quality of work
Ability to work independently as well as part of a team
Excellent communication and problem-solving skills
Ability to lift and move heavy objects as needed

ZAHTEVI

Potrebna diploma srednje škole ili ekvivalent; poželjna tehnička škola ili šegrtovanje
Potrebno prethodno iskustvo u mehaničkom montaži
Sposobnost čitanja i tumačenja inženjerskih crteža i šema
Velika pažnja na detalje i sposobnost da se osigura tačnost i kvalitet rada
Sposobnost samostalnog rada kao i deo tima
Odlične veštine komunikacije i rešavanja problema
Sposobnost podizanja i pomeranja teških predmeta po potrebi

BENEFITS

Competitive salary and benefits package
Opportunities for professional growth and development
Challenging and dynamic work environment
Collaborative and supportive team culture

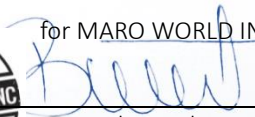

ZAHTEVI

Konkurentni paket plata i beneficija
Mogućnosti za profesionalni rast i razvoj
Izazovno i dinamično radno okruženje
Timska kultura saradnje i podrške
